

Invite MCC to your classroom!

Who is Mennonite Central Committee?

MCC works for relief, development and peace in the name of Christ.

For over 100 years, MCC has shared God's love and compassion for all through our work such as responding to disasters, assisting displaced families, supporting farmers adapting to climate change, equipping children through education, or teaching conflict transformation. MCC empowers communities to meet local needs and build peace.

We would love to come and share with your classrooms on a range of local and international development areas. Our staff have expertise and experience in the following areas:

Climate change and how to respond as a Manitoban community

Looking for an interactive learning experience? Check out

Our Shared Future:

An activity on climate change

Our Shared Future is an experiential learning activity developed by MCC that explores actions individuals and communities can take to survive extreme weather events, lessen the impacts of climate change, and build communities where all are cared for and treated justly.

- 15-40 people
- 60-minute or 90-minute versions available
- Tailoring available for groups ages 13 and up

Indigenous – Settler relationships, and how to talk about reconciliation

Looking for an interactive learning experience? Ask us to facilitate the *KARIOS Blanket Exercise*.
